

## QUALITY POLITICS

PETER TABOADA is an SME with more than 30 years of experience in water treatment, which has set a commitment to provide the best service and quality to its customers, respecting at all times the environment surrounding its activity, innovating and fulfilling all the requirements applicable to it and identifying all opportunities to continuously improve its management.

### MISSION

Offer our clients and collaborators the adequate advice to their needs and propose the best water treatment solutions, supplying the products with the best quality-price ratio in the market, adapting at all times to their needs and having as a goal their maximum satisfaction.

### VIEW

To be one of the leading reference companies in the water treatment sector worldwide, based on the following principles:

Commitment to achieve the highest quality of our products and priority dedication to the client.

Transparency and coherence in bilateral relations with all interested parties.

Creativity, innovation and development of new water treatment products that meet market needs.

Adaptability to the demands and regulations of the different markets, customers and suppliers.

Optimization of costs to always achieve the best value for money.

The Directorate General of Peter Taboada assumes the maximum responsibility in the establishment, monitoring and achievement of business objectives and defines this Quality Policy that will be assumed by the entire organization.
